Nine Inch Nails Live: And All That Could Have Been

Trent Reznor. Nine Inch Nails. The "Fragility v2.0" tour of 2000. Searing, hard-edged performances that could have burned through metal. Mind-blowing visuals that left audiences awestruck. It's all captured on NIN's first live CD and DVD, **Nine Inch Nails Live: And All That Could Have Been.**

"The band's "Fragility v2.0" tour is as intense as it gets, a musically powerful experience that manages to make emotional desolation and alienation seem positively exhilarating... Visually, the show was stunning."

Hollywood Reporter, Frank Scheck

For the live CD, choose between:

- The **regular release**, which delivers 16 NIN scorchers, including "Head Like a Hole," "Wish" and "The Wretched."
- The **limited-edition deluxe version**, which also contains a bonus disc with live deconstructed tracks and brand-new material.

On DVD, choose from two sound formats:

- **DTS**
- **Dolby Digital 5.1**

Both contain 18 killer performances, as well as special features like multiple camera angles and audio commentary.
