The Jimi Hendrix Experience Offer

Purchase *The Jimi Hendrix Experience* 4-CD box set and get access to an exclusive Web site packed with Hendrix extras.

It's hard to overstate the revolutionary impact [Jimi Hendrix](#) had on the rock world. While he released only three studio albums before his death in 1970, Hendrix shot a lightning bolt of psychedelic, electrified blues into an awestruck musical scene (read our [Hendrix bio](#)). Despite his brief career, Hendrix almost always had a tape machine running in the studio or on stage, and the new 4-CD, 56-track **The Jimi Hendrix Experience** gathers the best of his unreleased gems into one remarkable box set.

A perfect complement to Hendrix's studio albums, **The Jimi Hendrix Experience** provides a fuller understanding — through demos, alternate takes and jams — of how Hendrix worked in the studio. We also hear Hendrix's great improvisational ability and absolute genius with the guitar in some of his most inspired live performances. Inside the box, you'll find an 80-page, full-color booklet that includes an essay and detailed track notes. For fans who have been waiting for the unreleased Hendrix vault to finally open wide, **The Jimi Hendrix Experience** is a stunning journey inside (read our complete [review](#)).

Purchase [The Jimi Hendrix Experience](#) 4-CD box set (for a limited time) and get access to an exclusive Hendrix Web site.
